drawString thinks: Page number: 1, Total pages: 3, Added together: 4

Para thinks: Page number: 1, Total pages: 3, Added together: 4

    No tags supported in plain td: <pageNumber/>, <getName id="no"/>, <evalString>1 + 1</evalString>, etc.

tail and invisibility check 1

this default should show

Nothing else on this line:

name test 1

name test 2

12

Success: getName inside namedString

drawString thinks: Page number: 2, Total pages: 3, Added together: 5

This is just a page to push up the page number
Below should say "15 of 3":

drawString thinks: Page number: 3, Total pages: 3, Added together: 6

This is just a page to push up the page number

Below should say "24 of 3":
